EDUCATION

Presidency University
Computer Science and Engineering B.Tech

Rajanukunte, Bangalore
September 2023 - Present

SKILLS

Programming Languages:	Java, Python, C, JavaScript
Libraries/Frameworks:	React.js, Spring Boot, Three.js, Node.js, Tailwind CSS
Tools / Platforms:	Git, IntelliJ IDEA, Docker, VS Code, Github, Postman
Databases:	MySQL, MongoDB

PROJECTS / OPEN-SOURCE

Packet Sniffer 3D | [Link](#)

Three.js, JavaScript, Vite, HTML, CSS

- Built a real-time 3D network traffic visualizer using Three.js to animate packet flow across network topologies.
- Implemented PCAP parsing and localhost traffic monitoring for interactive packet playback and inspection.
- Developed packet logs, hexadecimal payload visualization, TLS masking, and configurable traffic controls.
- Optimized rendering to support smooth visualization of high-frequency network events.

Specter Proxy | [Link](#)

Node.js, JavaScript, HTTP, HTTPS, TCP, TLS, Streams

- Developed a local HTTP/HTTPS proxy for real-time traffic inspection and network simulation.
- Implemented packet interception using Node.js Streams with efficient buffer management.
- Developed latency injection, packet filtering, and HTTP error simulation for resilience testing.
- Integrated TLS inspection using a local CA and built a live terminal dashboard for traffic analysis.

CERTIFICATIONS

- Java(Basic) - **HackerRank**
- SQL(Advanced) - **HackerRank**
- Rest API(Intermediate) - **HackerRank**
- Problem Solving(Intermediate) - **HackerRank**
